

## Meet Our NetSuite Team

Our NetSuite team is a highly trained, experienced group comprised of solution architects, project managers, developers, technical and business consultants.

We are fully committed as a partner to NetSuite and a partner to our clients.

**Edward Catarsi**  
**NetSuite Consulting Practice Manager**

Ed Catarsi is the Consulting Manager for our NetSuite Practice. He joined Net@Work in 2017, bringing more than 25 years of HCM and ERP expertise, leadership, and senior management experience to his role with the company. Ed manages consulting engagements, direction, and strategy at Net@Work for the NetSuite professional services team. His main focus is engaging with sales to drive strong revenue growth, attracting a knowledgeable and highly motivated professional services delivery team and making customer service his top priority. Prior to joining Net@Work, Ed was a Global Consulting Practice Manager at Kronos, Inc, a Vice President of Consulting at Technology Solutions Co. and was the founder of HRM Resources, Inc, a 3-time winner of the INC. 500 fastest growing companies in the US.

**Jim Shanney**  
**Project Manager**

Jim is an inactive CPA and has been managing domestic and international ERP selections and implementations for over 30 years. He is certified in two ERP packages and has worked with most of the major packages. Jim's experience also includes expertise in many industries developed during his accounting & career and refined performing ERP, reengineering and other consulting engagements. As a project manager with Net@Work, Jim brings his accounting, ERP, and industry expertise together to ensure a successful project. Jim's NetSuite experience includes multiple international implementations, as both a consultant and project manager, as well as a number of domestic implementations. Jim is also trained in NetSuite's Multi-Book feature which supports complex international reporting due to different accounting standards and currency reporting needs.

**Carlo Bergamini**  
**Project Manager**

Carlo brings a lot of experience to every project: 17 years of mid-market ERP experience, 10 years in Consulting, and 7 years in Project Management. He has a large range of business experience; Financials, Warehousing and Manufacturing, within many different industries; Rentals, Equity, Office Supplies, Food/Beverage, and Farming. Carlo's areas of expertise within Project Management pertains in Sure Step Methodology, Planning Project Resource and Budget Delivery, Risk and Issue Management Change Management, and Communication Management. Prior to becoming a Project Manager, Carlo was a Senior ERP Consultant with experience in full scale implementations, upgrades, data mapping, application pilots, and knowledge transfer.

**Rick Ham**  
**Sr. Solution Consultant**

Rick Ham has been consulting on several ERP systems for over 20 years including Sage and NetSuite solutions. Rick's expertise consists of consulting practice management, consulting, project management, business process analysis, solution architecting, coding, training and support. Rick has a technical development background as well as industry experience in financial, distribution, manufacturing and professional services. Rick's knowledge and experience provides the foundation to ensure deliverables that consistently meet and exceed customer expectations.

**April Holman**  
**Sr. Solutions Consultant**

April Holman has been consulting on a broad range of ERP and CRM systems for over 25 years. Software publishers include NetSuite, Acumatica, Sage, Great Plains, and Infor. Her expertise consists of consulting, project management, business process analysis, solution architecting, implementation and support. In addition to having an accounting background, April's industry experience includes financial, distribution, manufacturing, not-for-profit, construction, and professional services. Her comprehensive background is the foundation for her ability to deliver solutions that improve processes and contribute to the client's overall success.

**Howard Finestone**  
**Solution Consultant**

Howard has been providing quality consulting expertise for over two decades in SMB business management technology solutions with specialized focus in leading Sage and NetSuite wholesale distribution and manufacturing implementations. With degrees in both Accounting and Management Information Systems, Howard has always been able to leverage his strong business acumen and personal skills to build and maintain strong relationships with his clients that were able to grow out of successful implementations. In addition to consulting throughout his career, Howard has also spent significant time in management and leadership roles as a previous principle of a Massachusetts based Sage 100 Channel Partner (1992 – 2004) and as Director for Net@Work's Sage 100 practice.

**Michael Maxie**  
**NetSuite Administrator**
